

WITHOUT PREJUDICE 

In Confidence

To Whom It May Concern

I, Ripley Davenport make this solemn statement to be true.

For the last two and a half years, Mr. Kent Madin, a resident of Bozeman, Montana, USA, the owner of Boojum Expeditions has launched a destructive campaign to smear my name, reputation, personal life and career. 

His current email: rett139@yahoo.com

His campaign is defined as:

Cyberstalking, which is the use of the Internet, email or other electronic communications to stalk, and generally refers to a pattern of threatening or malicious behaviours. Cyberstalking may be considered the most dangerous of the three types of Internet harassment, based on a posing credible threat of harm.

and/or

Cyberharassment, which differs from cyberstalking in that it is generally defined as not involving a credible threat. Cyberharassment usually pertains to threatening or harassing email messages, instant messages, or to blog entries or websites dedicated solely to tormenting an individual. Some states approach cyberharassment by including language addressing electronic communications in general harassment statutes, while others have created stand-alone cyberharassment statutes.

Mr. Kent Madin's actions have been:

False accusations. Mr. Kent Madin continues to damage my reputation, trying to turn other people against me. He has posted false information on third party websites, actively participated in a Anti-Gobi 2011 facebook group, which was deleted by facebook, Dublin, having breached many rules and regulations due to its vulgarities. 

He replies, sometimes under many aliases, such as *MongCon*, with allegations, amendments and/or crude remarks on third party blogs and adventure websites or other sites that allow public contributions, such as Wikipedia 

Attempts to gather information about the victim. He has approached friends, family and work colleagues to obtain personal information sometimes acting under aliases or acting as a genuine individual. Details and copies of Mr. Madin's letters can be supplied on request.

Mr. Madin monitors and trawls the internet circuits for my online activities in an effort to gather more information. 

Encouraging others to harass the victim. He continues to involve third parties in the harassment, facebook was one prime example. He claim I am a fraud and liar. He has also taken it on as his duty to harrass my family by contacting sponsors and individuals associated with me, Inland Revenue in Ireland, which led to a temporary halt our child support allowance and contacting the Central Registration Office to investigate if my company was registered.

I ask that you ignore Mr. Kent Madin and forward any letters from him to me. I have never had a business or personal relationship with Mr. Madin, spoken with, or had any contact what-so-ever. I continue to ignore his emails and have blocked all email addresses associated with him.

On request, I now openly speak about Cyberstalking and harrassment in my speaking engagements, a topic that seems to only fuel Mr. Madin's campaign.

Many current sponsors, friends and individuals have pledged to continue to support my expeditions and privacy and to ignore Mr. Madin and support my campaign to stop this awful nightmare, which has caused my family and myself, much distress and turmoil.

I am considering pursuing a restraining order against Mr. Kent Madin. Any questions or doubts that you may have then please contact me in strict confidence.

Respectfully yours,
Ripley Davenport
